NIRF India Rankings 2018: IISc Bangalore overall best, AIIMS Delhi tops medical institutes' list

TOI-Online | Apr 3, 2018, 04:01 PM IST

NEW DELHI: The Indian Institute of Science (IISc) in Bengaluru was adjudged the overall best institution in the country by the Human Resource Development Ministry's national ranking framework (NIRF).

Union HRD minister Prakash Javadekar, while announcing the rankings at an event in the Vigyan Bhavan, said the Indian Institute of Technology, Madras (IIT-M) has been adjudged the best engineering college and the Indian Institute of Management-Ahmedabad (IIM-A) the best management institution.

As per the ranking released by the national institutional ranking framework (NIRF), the IISc stood first in the university category, followed by Jawaharlal Nehru University (JNU) and Banaras Hindu University (BHU).

The premier healthcare institute All India Institute of Medical Science (AIIMS) Delhi was ranked number one institute under medical college category.

Delhi University's Miranda House was the best college and NLSIU-Bengaluru the best law school in the country.

This year for the first time medical and dental colleges were also ranked by the National Institutional Ranking Framework (NIRF). Apart from the medical, NIRF has also added Architecture and Law this year.

R0318-1

NIRF, in its first rankings in 2016, had four categories — universities, engineering, management and pharmacy. In 2017, overall and college categories were added. In all, over 4,000 institutions have applied. Last year 3,000 institutions participated in the India Rankings 2017.

The rankings assume significance as performance of institutions has been linked with “Institutions of Eminence” scheme. The number of institutions participating in the rankings have risen by over 1,000 this year.

According National Board of Accreditation sources apart from the government institutions, a large number of private higher education institutions have joined the rankings this year who were not part of the process earlier.

Note: Brackets are last year rankings

Ranking promotes competition among the Universities and drive them to strive for excellence. Government has also started a scheme called 'Institutions of Eminence' in which 20 institutions both public and private, would be selected on challenge method and they would be actively supported to come up in the global rankings.

In NIRF, to promote Research and Development in Higher Education, 'Research and Professional Practices' has been given the highest weightage of 40%, for ranking Universities.
