Recommendations

안녕하세요 여러분!

The 3-week course is really helpful for people who want to learn the Korean language. The teachers are really nice and friendly. Most importantly, they teach really well. The lessons are informative and interesting as well! Best part of the course - you get to know students from other countries!

All in all, the course is really beneficial and I recommend it to everyone who is interested in the Korean language. I even got praises from my Singaporean and Korean friends! ^^
