

# Postdoctoral Research Fellowships

## Postdoctoral Research Fellowships

Engage in groundbreaking scientific research with a vibrant community of culturally diverse scientists

Technion - Israel Institute of Technology is offering outstanding postdoctoral fellows an opportunity to conduct their research at its modern facilities in Israel. Choosing to conduct research at Technion will strengthen your curriculum vitae and improve your chances of receiving a faculty position at our overseas sites in New York City, US or Guangdong, China.

### Conditions of Award

- Stipend: Generous fellowships are available
- Candidates must **not** hold an Israeli citizenship
- Only candidates whose PhD was awarded in the past five years may apply

## Postdoctoral Research Fellowship Opportunities at Technion Guangdong

The Technion is opening a new campus in China - "Technion Guangdong Institute of Technology"

The Technion is seeking top postdoctoral candidates in the fields of **civil engineering, chemical engineering and environmental engineering**, as well as in supporting science fields - **chemistry, physics & math**. Upon successful completion of their post-doctoral training, excellent candidates will be considered for tenure-track faculty positions.

**Internationally-competitive start-up packages will be provided for new faculty recruited to Technion-Guangdong.**
