# Summer Study

Washington University is a world leader in teaching, research, and public service. Come experience our small classes and friendly campus.

St. Louis comes alive in the summer with festivals, concerts, art fairs, theater, Cardinals' baseball games, and more. Washington University is next to Forest Park, which offers a zoo, three museums, an outdoor theater, and space to bike, walk, golf, or paddle around the lake.

Our Campus was recently ranked the best college campus by College Magazine.com.

- Live in secure, modern, air-conditioned residence halls.
- Attend social events introducing students to American culture.
- Take part in opening and closing events honoring visiting students.

Undergraduate Study offers many options for college students:

- Choose from a variety of courses, including Global Leadership and Intercultural Communication.
- Attend programs about graduate and professional study in the United States.
- Meet with deans and admissions officers.

Pre-College Programs provide great choices for high school students:

- Enroll in two courses of your choice or attend institutes in leadership, pre-medicine, or writing.
- Attend academic support sessions.
- Participate in workshops on college admissions, college majors, and careers.

Special Programs are designed for your university or high school group:

- Choose from courses, events, special seminars, and activities.
- Benefit from a dedicated program assistant who will live in the residence hall to answer questions and plan activities.
- Receive reduced tuition.
